Shelf Layouts for Model Railroads Iain Rice - Google ...

A small-layout man from inclination as much as as necessity, Iain currently has four compact fine scale model railroads of his own, all in shelf format: Two British-prototype in 4mm/1ft scale, a Dutch lokaalspoor, and a Maine Central branchline terminal in HO. All these models are exhibited regularly at UK and European train shows and meets. Formerly married with two daughters, most of Iain's family live on Wolfe Island,

Ontario, where he spends as much time as he can. But his current home is ...

- 10.3 ft. by 21" shelf layout - includes two-track staging fiddle yard
- Car storage tracks for make-up and break-down of trains
- Might need a detachable cassette at left end to provide a switching lead for yard tracks
- From Railway Modeller, 09-12 (used with permission)

Designing small shelf Layouts for operating fun

McPherson was served by 4 (count 'em, 4!) Class 1 railroads. The Rock Island main line, and branches of the ATSF, UP, and MoPac. Was crazy. I wish I had more pictures and notes from my time there. My current project is a small town on the plains. I took a section of a plan from Ian Rice's "Shelf Layouts" book and made a few changes. Mostly, I ...

Building my shelf layout(s) | Model Railroad Hobbyist magazine

Here's about as basic as they get. Cheap pressed metal brackets supporting narrow N scale benchwork. The shelf is 9 inches wide, the benchwork is 1X 4 pine with 1/2 inch plywood top, 1X4 cross members spaced roughly 16-24 inches apart depending on turnout location(for switch machine or blue point controller clearance) The longitudinal ledger was there from a previous layout so I just set the ...
Shelf Layout Benchwork | Model Railroad Hobbyist magazine
