## [The Geek Manifesto Why Science](#)

### **The Geek Manifesto Why Science**

Posted on January 2, 2013 by markgfh When we published The Geek Manifesto in the United States last year, the fabulous science writer David Dobbs agreed to provide a short foreword that would explain why its message mattered to an American audience. It's already available with the US eBook, and it'll be in the paperback.

### **The Geek Manifesto: Why Science Matters to Government ...**

"The Geek Manifesto: Why Science Matters to Government" is an attempt to encourage the active participation of scientists and geeks in political life. Henderson primarily addresses the misuse of science for political reasons. Themes within the media, justice, education and health are given as examples to explain the lack of knowledge about the scientific method and science-based evidence, and the distortion that is often made in the name of a "higher political cause."

### **book review: The Geek Manifesto - Why Science Matters ...**

The Geek Manifesto: Why Science Matters - The Science Show - ABC Radio National (Australian Broadcasting Corporation) Mark Henderson has surveyed British MPs and found very few with backgrounds in science. Of the 650 MPs, one, Julian Huppert has worked as a scientist. Just a few more have degrees in science.

### **The Geek Manifesto: Why Science Matters - The Science Show ...**

I hope that this the geek manifesto has helped to accelerate this, particularly for the environment which has suffered as a result of political agendas. It is for scientists and critical thinkers to make government policy makers aware of their issue with data. Civil and public servants are often under intense pressure and extremely under resourced, particularly during recessions. In some cases it is down to their sheer determination, and personal sacrifice that science remains central in ...

### **About Mark Henderson | The Geek Manifesto**

The Geek Manifesto: Why science matters. from The RSA PRO . 8 years ago. Mark Henderson, one of Britain's leading science communicators, makes an agenda-setting argument that science matters to all aspects of public life, and issues a rallying call to all geeks to join together in a force our leaders cannot ignore. Chair: Alice Bell, senior teaching fellow in science and public policy ...
