The medieval household : daily living c. 1150-c. 1450 ...

The medieval household was, like modern households, the center of family life for all classes of European society. Yet in contrast to the household of today, it consisted of many more individuals than the nuclear family. From the household of the king to the humblest peasant dwelling, more or less distant relatives and varying numbers of servants and dependents would cohabit with the master of ...
