

HOW TO ACHIEVE THE SUSTAINABLE DEVELOPMENT GOALS? STRENGTHEN OUR SOCIAL SERVICE WORKFORCE.

Failing to strengthen the workforce means wasting valuable resources. A well-planned, well-trained, and well-supported workforce is better equipped to respond to multiple challenges in our communities and ensure the positive impact of investments in social issues.

A strong social service workforce is comprised of paid and unpaid, governmental and nongovernmental workers who ensure the healthy development and well-being of children and families worldwide.

United Nations Sustainable Development Goals

ADDRESSING HEALTH CHALLENGES **SDG 3**

Fact: An estimated 36.7 million people worldwide were living with HIV at the end of 2019.¹

Example Action: In countries such as Uganda, social service workers help to fill gaps between health facilities and community-based care. The success of referrals to HIV-related health services increased from 50% in some settings to an average of 85%.²

SUPPORTING REFUGEES AND MIGRANTS **SDGs 5, 10, 16**

Fact: Worldwide, nearly 1 out of 40 children have been uprooted from their homes.³

Example Action: Unaccompanied children in the UK, Zambia, and Mexico are assigned social workers who are well-trained to understand their needs and rights and can ensure access to safe solutions and services.⁴

ENSURING CHILD WELL-BEING **SDGs 4, 5, 8, 11, 16**

Fact: Approximately one billion children worldwide have experienced physical, sexual or psychological violence in the past year.⁵

Example Action: Parenting programs, such as a 12-week session implemented by local well-trained child care workers in South Africa, result in reported reductions in child abuse and parental stress.⁶

CALL TO ACTION

By strengthening the social service workforce, policy and decision makers empower the people who will make our Global Goals a success.

The Role Of Social Work

Social workers work with adults, children and families and often specialise in a specific field of work – such as support for children and families, or working with adults with physical disability or mental health related needs. We help people make changes and access their rights as people and citizens. We often work with social networks, families or communities, as well as individuals, and help develop supportive relationships.

What do social workers do?

Role of Social Worker Social worker plays various types of roles in catering the needs of his clients. As care giver he counsel and support people with problems in a therapeutic way to promote change. As a consultant he works with individual and groups to assist in their problems and programs.

Role of Social Worker | Guide to Social Work

In this role, social workers fight for the rights of others and work to obtain needed resources by convincing others of the legitimate needs and rights of members of society. Social workers are particularly concerned for those who are vulnerable or are unable to speak up for themselves. Advocacy can occur on the local, county, state or national level. Some social workers are involved in international human rights and advocacy for those in need.
