Ibn Zuhr, traditionally known by his Latinized name of Avenzoar, was an Arab physician, surgeon, and poet. He was born at Seville in medieval Andalusia, was a contemporary of Averroes and Ibn Tufail, and was the most well-regarded physician of his era. He was particularly known for his emphasis on a more rational, empiric basis of medicine. His major work, Al-Taysir fil-Mudāwāt wal-Tadbīr, was translated into Latin and Hebrew and was influential to the progress of surgery. He ...
